Highlight Story:

In the Floating Village, the church is growing in number and faith! Within the last few weeks, one additional man has chosen to follow after Christ despite his wife and her family rejecting him for believing in Jesus! He is dedicated and says he has never felt such peace ever! This church continues to thrive despite constant persecution and rejection. We praise God for another son being brought home!

Village Updates:

Popel Village Church:

Popel is growing in their individual faith with God! Many of the 30ish members are starting to take real ownership of their relationship with God. Our leaders have started to step to the plate to serve God more by evangelizing to the lost, helping church members, and actively participating in leadership gatherings every Sunday. Now, there are two main guys, Bong Vanna and Pou Mao, who have taken over the preaching on Sundays, while Rithy is able to invest into the leaders! This church started off as five members and has now grown to 30+! We give God all the glory as we know it is only Him working and changing lives!

San Chey Village Church:

San Chey's Church is currently being looked after by its raised-up leader, Lekru Chhin! Our aim is to have the churches established with leaders being raised up as we move on to new places that the Lord leads us too! The church is still joyful and look after each other well with godly, brother-like affection!

Floating Village Church:

As mentioned before in the highlights, the Floating Village church is growing in number of new believers as well as the older believers becoming more firm in their faith! This church has faced persecution from family members as well as other villagers, yet their faith is growing as the Word of God says it should do! Rithy continually meets with them by driving the truck then riding a small boat to get to the village to teach them the Word of God! It is a true joy being in this place that was once so dark, demon possessed to now being the place of light! We praise the Father for all He has done in the village and pray He will do even more!

Sustainable Projects and Needs Updates:

Chicken Farms:

We currently have one chicken farm running in our Popel Village for the main leader, Bong Vanna and his family, to have a way to make money as well as something to eat. We have completely turned it over to them to run, and they are doing well with it!

Fish Farms:

By the Lord's provision, three leaders have been given fish to raise to sell and eat for means of income! This allows them to the freedom to be able to serve while still having a bit of income! It is not too expensive to start a fish farm, nor too difficult to maintain it. For just a one time donation of \$200, we could place more fish farms among our church members in need for them to have a dignified, sustainable source of food and income!

Rice Project:

We are entering into harvest season in Cambodia for rice. One of the physical needs we consistently see in the churches and greater community is a lack of food when hardships hit like Covid, the floods, illness, and the like. We desire to purchase 10 tons of rice by the end of the year to store for when church members and the greater community are in need as this is the time where rice is cheapest! 10 tons of the rice we desire to purchase is roughly \$2,250! Any gift given will be greatly appreciated to hit our goal!

General Life Updates:

Bible College:

Rithy continues to attend a bible college course along side of our partners where he is being trained in theology, history of the Bible, pastoral training and the like! This keeps him very busy in addition to looking after the three churches the Lord has put before us! He has greatly enjoyed the investment of studying more.

Family: Kristie is still her first trimester and faces morning sickness daily! We are still in disbelief that she is pregnant! The baby is healthy and so is Kristie. Per the doctor, she needs to stay home and rest often due to previous miscarriages, so she is not able to visit the churches right now.

Prayer Points:

- Churches to thrive spiritually and grow daily in their love for God and for one another.
- Our leaders to rise up, stand firm and abide in Christ.
- More fish farms to be provided to those who desire to serve God and have some income as well as families in desperate need!
- The health of both the babe and Kristie + Rithy to have strength as he goes out alone!
- The physical and spiritual needs of the churches to be met!
